

**THE FOURTH RUSSO-CROATIAN CUTTING EDGE
SEMINAR IN CLINICAL PHYSIOLOGY. Sept 26
2020; Saint Petersburg-Zagreb Online Symposium**

International Society for Pathophysiology

Symposium has been dedicated to the CENTENNIAL ANNIVERSARY OF ZAGREB SCHOOL OF PATHOPHYSIOLOGY AT THE FACULTY OF MEDICINE, UNIVERSITY OF ZAGREB, CROATIA and 25TH ANNIVERSARY OF THE FACULTY OF MEDICINE, SAINT PETERSBURG STATE UNIVERSITY, RUSSIA

Moderators: LP Churilov, IV Grigoryev and Z Kovač

Bilandžić J. ETIOPATHOGENESIS OF HYPERTENSIVE CRISIS (Dept of Pathophysiology. School of Medicine Univ of Zagreb, Univ Hospital KBC Zagreb Croatia)

Božić F. PD-1:PD-L1/2 INTERACTION IN ETIOPATHOGENESIS OF GESTIONALTROPHOBLASTIC DISEASE AND MISCARRIAGE (Dept of Pathophysiology. School of Medicine Univ of Zagreb, Univ Hospital KBC Zagreb Croatia)

Bregovskaya AV, Lukashenko MV, Basantsova NY. STRUCTURAL CHANGES IN THE CORNEAL SUB-BASAL NERVE PLEXUS DURING THE GLYCEMIC CONTROL OPTIMIZATION IN PATIENTS WITH TYPE 1 DIABETES MELLITUS (National Medical Research Centre. Saint Petersburg State University, St. Petersburg Scientific Research Institute of Phthisiopulmonology. Saint Petersburg, Russia)

Grladinović F. NEUTROPHIL TO LYMPHOCYTE RATIO: ETIOPATHOGENETIC BACKGROUND OF CLINICAL PREDICTIVITY (Dept of Pathophysiology. School of Medicine Univ of Zagreb, Univ Hospital KBC Zagreb Croatia)

Ivashkevich YV. FIXED COMBINED PILL THERAPY VERSUS ISOLATED PILL THERAPY IN TREATMENT OF COMPLICATED HYPERTENSIVE PATIENTS (Consultative and Diagnostic Outpatient Clinic # 121. Moscow, Russia Saint Petersburg State University. Saint Petersburg, Russia)

Kovač AZ, Rode F. COMPLIANCE WITH GUIDELINES FOR SURGICAL ANTIMICROBIAL PROPHYLAXIS AT THE UNIVERSITY HOSPITAL DUBRAVA (A PROSPECTIVE STUDY) (Dept of Pathophysiology. School of Medicine Univ of Zagreb, Univ Hospital KBC Zagreb Croatia)

Kraguljać I, Dragic M. PREACTIVE ASTROCYTE POLARIZATION FROM A2 TYPE TO A1 TYPE IN TRIMETHYLTIN-INDUCED NEURODEGENERATION. (Univ of Belgrade, Serbia)

Krstulović Opara A. ETIOPATHOGENESIS OF CYANIDE POISONING (Dept of Pathophysiology. School of Medicine Univ of Zagreb, Univ Hospital KBC Zagreb Croatia)

Sobolevskaia PA, Dolina AA, Steepochkina AM. THE ROLE OF ANTI-ALPHA-ENOLASE AUTOANTIBODIES IN PSYCHIATRIC MANIFESTATIONS OF HASHIMOTO'S THYROIDITIS (Laboratory of the Mosaic of Autoimmunity. Saint Petersburg State University, Saint Petersburg, Russia)

SATELLITE EVENT OF THE XXIIIrd INTERNATIONAL BIOMEDICAL CONFERENCE FOR THE YOUNG RESEARCHERS

“FUNDAMENTAL SCIENCE AND CLINICAL MEDICINE – HOMO AND HEALTH”
